TEN CENTS PER WEEK

MEN SELECTED BY THEIR PRECINCTS FOR CONVENTION

Names of Delegates Who Will Choose Democratic Candidate for Senator.

Eaton and Barry Lead in Respective Counties.

CARLISLE AND HALLARD OPEN.

Following are the delegates from McCracken county to the Democratic senatorial convention here tomorrow: Barry's, Frank Smith; Gallman's, W. N. Warren or the Rev. J. R. Clark; Hennenberger's, Pat Lally; Schmidt's, Herman Katterjohn; Butler's, L. R. Barnes; South Side Fire Station, Jim Lally; Chalk's, George Augustus; Diegel's, Frank Eaker; Kirkpatrick's, Harry George; North Side Court House, Gardner Gilbert; South Side Court House, No. 1, Ernest Lackey; Glauber's, Alex Patton; South Side Court House, No. 2, S. G. Rudolph; Warehouse, J. S. Summers; Rogers, Luther Graham; Yancy's, Milt Stewart; Savage's, A. E. Boyd; Plow Factory, Mr. Howell; Florence Station, Tom Houser; Hoversamp, Ben Hoversamp; Parish, Dr. E. H. Williamson; Melber, Riley Huddleston; Massac, Mark Jones; Maxon Mills, A. W. Rickman; Milan, Evans Jett; Grahamville, John Graham; Woodville, Baxter Kykendall; Cecil, Brown Pace; Lang's, Morton Adecek; Homington, M. B. Tapp; Hagland, Will Covington; Hendren, John Youngers; Lamont, Ed Kelly; Reidland, S. C. Brookshire; New Hope, H. C. Rudolph.

Hallard County.
Hallard county delegates as far as reported are: Lovelaceville, B. S. Davis; Harlow, J. W. Gholson; La Center, W. D. Hines; Haudans, V. A. Cline; Oscar, Dallas Moore; Hinkleville, Dr. J. D. Hollinger; Gage, Dr. W. A. Ashbrook; Blandville, Lee Ray; Ogden, Thomas McGee; Slater, Dr. T. J. Davis; South Wickliffe, Henry Reeves; East Wickliffe, W. A. Anderson; West Wickliffe, John Cox; Needmore and Hazlewood (missing). Moore carried Oscar, Blandville, La Center, Hinkleville and Ogden, and one precinct of Wickliffe. Barry carried one precinct of Wickliffe, Lovelaceville, Gage, Blandville, one precinct of Wickliffe, Harlow and Slater. Needmore and Hazlewood are uninstructed, according to the best information. Barry's friends claim he has second instructions in all but two Hallard precincts. Eaton says he will get most of them on the break.

Marshall County.
The Marshall county delegates are: Ross, W. M. Rudolph; Heights, H. Wolfe; Hradingham, George Smith; Brinsburg, H. Hastings; Gilbertville, Tom Gregory; Calvert City, L. S. Dees; North Benton, R. L. Shumwell; Oak Level (missing); Hardin, Tom Miller; Harvey, H. Perry; South Benton, J. R. Fisher; Elva, Tom Hill; Little Cypress, M. Holland; Olive, L. Padgett; Station, W. R. Fields. Station and Gilbertville are uninstructed and supposed to be for Wyatt; Olive and Brinsburg instructed for Wyatt. The others are for Barry.

Carlisle County.
Carlisle county delegates are: West Hardwell, Elmer Elsey; East Hardwell, W. O. Williamson; North Bardwell, W. C. Ray; Arlington, L. B. Owen; Berkeley, J. C. Ford; Kirbyton, W. R. Gholson; Milburn, J. A. Graves; Cunningham, J. W. Ward; Rudd, John Shepherd. West Hardwell instructed for John Davis. Berkeley and Kirbyton instructed for Barry. The others are uninstructed, but it is contended that all but one of them are for Barry.

Jackson Streets Win.
The Jackson streets won two well played games yesterday on the railroad diamond. The game in the morning was with the Pipiters, and the Jackson streets captured it by a score of 9 to 3. The batter was: Jackson Streets—Fulmer and Beck; Pipiters—Dickerson and Watson.

In the afternoon the Jackson Streets played the Pluffy Ruffles team and won by a score of 6 to 3. A feature of the game was the pitching of Switzer. The batter was: Jackson Streets—Switzer and Fulmer; Pluffy Ruffles—Simpson and Shaw.

Up in Balloon All Night.

Washington, April 26.—The great all-night balloon story turns out to be "thrillingly" funny. After giving government officials a bad scare and keeping their concerned relatives up all night, the three army aeronauts, Lieutenants Labin, Funder and Bunnberger, of the signal corps, turned up safe and sound. They had been "missing" all night. Three hours of that time the sky navigators were in the air.

Uninstructed Delegates Will be Deciding Factor in Democratic Senatorial Convention Tomorrow

Both Barry and Eaton Claim to Have Enough to Win on First Ballot; But Neither Has Instructions.

Uninstructed delegates to the second district Democratic senatorial convention at Wallace park Casino Tuesday afternoon at 1:30 o'clock, will determine the result of the balloting for a senatorial nominee. No candidate has enough instructed delegates to win, and the contest lies between W. V. Eaton, attorney of this city, and Hon. E. Barry, editor of the Benton Tribune-Democrat, an avowed advocate of the county unit law.

Under the rule, which allows one delegate for each of the 75 precincts in the district, who will cast as many votes in the convention as the Democratic electors received last fall in his precinct, Eaton will start with 2,823 instructed votes from McCracken county, with 4,561 necessary to choose. He expects to pick up enough uninstructed votes from the two western counties, Carlisle and Hallard to win on the first ballot.

Barry will have 236 from Carlisle, 968 from McCracken and 1,322 from Marshall; but Barry makes the startling claim that his friends selected every uninstructed delegate from Carlisle county with a total of 1,024 votes; and that he has second instructions in nearly every precinct in Hallard county.

His friends stated that he heard from all the precincts and was given the names of the uninstructed delegates, and that in every instance except the West Hardwell precinct of

"DOC" POWERS DIES.

Philadelphia, April 26.—Surrounded by his wife and three children, "Doc" Powers, star backstop of the Athletics, died at Northwestern Hospital here today. He was carried from the field after the opening game of the Athletics. Powers was operated on for what was diagnosed to be gangrene poisoning of the intestines.

Carlisle county, the men he and his friends picked out were selected and they will stand by him.

The contest in McCracken was sharp, especially in the county. In the city, where W. V. Eaton is best known, the people stand by him loyally and he carried every precinct, excepting the Plow factory, which went for Barry, and Gallman's, where there is a contest between the Eaton and Barry factions. In the county Barry captured Melber, Massac, Maxon Mills, Woodville, Thompson's, New Hope, Rossington, Hendren's, Lamont and Reidland. Wyatt got first instructions at Florence Station, and Moore at Milan. The anti-slavery league is responsible for Barry's showing in the county.

Barry's Claims.
Barry claims the following instructed delegates: Carlisle—Kirbyton, 131; Berkeley, 255—386.

Hallard—West Wickliffe, 110; McCracken—Plow Factory, 46; Gallman's, 168; Melber, 22; Massac, 114; Maxon Mills, 77; Woodville,

Attorney General Coming.

Louisville, April 26. (Special)—R. A. McEwell, secretary of the Kentucky Bar association, received a letter from Attorney General Wickersham, accepting an invitation to speak at the meeting of the bar association at Paducah, July 7.

Attorney Dennis McQuot received word this morning.

REPORT RECEIVED AT WASHINGTON THAT JAPS ARE INVADING PANAMA CANAL ZONE

This is Reason For Trip of Secretary of War to Investigate.

Washington, April 26.—It was learned today that one of the chief subjects to be investigated by Secretary Dickinson during the present trip to Panama is a report, reaching the war department that the Canal zone is being colonized by Japanese.

The republic of Colombia is said to be responsible for bringing them to the zone and American diplomatic officials have been directed to make representations to the Colombian government that the United States regards this as an act of unfriendliness.

HARRIMAN PLANS GREATEST MERGER RAILROAD LINES

Consolidate Vast Mileage Represented by New York Central Lines.

Has Twelve Thousand Miles of Track.

IS A BILLION DOLLAR DEAL.

New York, April 26.—A billion-dollar corporation is the latest project from the brain of E. H. Harriman planned by the Napoleon of the railroad world with a view of consolidating and solidifying the vast railroad mileage represented by the New York Central lines. A dozen or more of the most eminent corporation lawyers in this city, in Chicago, Cincinnati, Cleveland and Buffalo are now working on the problem. The following are the main lines of road which will be embraced in the consolidation:

New York Central and Hudson River railroad.

Fulton Chas. railway.

Dunkirk, Allegheny Valley and Pittsburgh railroad.

Little Falls and Delcoville railroad.

Raquette Lake railway.

Utahland railway.

Toronto, Hamilton and Buffalo railway.

Lake Shore and Michigan Southern railway.

Cleveland, Cincinnati, Chicago and St. Louis system.

Lake Erie, Alliance and Wheeling railroad.

Chicago, Indiana and Southern railroad.

Lake Erie and Western railroad and Northern Ohio railway.

Pittsburg and Lake Erie railroad.

Michigan Central railroad and Canada Southern railway.

Chicago, Kalamazoo and Saginaw railway.

Indiana Harbor Belt railroad.

West Shore railroad and Detroit and Charlevoix railroad.

What It Figures.
St. Louis, Mo., April 26.—Harriman's billion dollar railway in figures:

Proposed capitalization \$1,000,000,000

Miles of road 12,383

Present capitalization \$817,001,613

Stock outstanding \$408,908,378

Bonds outstanding \$256,716,630

Other securities owned \$152,376,605

Value of securities \$997,000,000

MISSING GIRL BELIEVED TO BE HIDDEN IN BOSTON.

Boston, April 26.—Adele, the missing daughter of Arthur E. Bona, a wealthy New York thread manufacturer, for whose recovery a reward of \$5,000 is offered, is believed to be in Boston. A girl in a Charlestown restaurant until Sunday suddenly vanished. The police are searching today.

Hot Airs Win.

"The Hot Airs" baseball team proved more effective to the umpire than the "Live Wires" yesterday morning in the baseball game, and the employees of the Paducah Gas company won the game by a score of 7 to 4.

One of the agreements for the game was that the captain of the losing team was to be presented with a ducking in the lake in Wallace park. Owing to the water being chilly the ceremony was postponed yesterday until July 4.

The "Live Wires" team is composed of employees of the Paducah Light & Power company, and the rivalry between the two teams is so strong that another game will be played in a month. The batteries were: "Hot Airs"—Mount and Reyburn; "Live Wires"—Frogge and McDonald.

Bulger Trial

Wickliffe, Ky., April 26. (Special.)—When the jury in the case of John Bulger, charged with the Badaana bank robbery, reported this morning that the jurors could not agree, the judge ordered them to return and said he would keep them a week if they did not agree sooner.

Yildiz Kiosk Surrenders; Sultan Prisoner in Hands of Young Turks and Only Family Remain in Palace

Court Martial Ordered For Troops Who Rebel Against Constitution—Bosphorus is Guarded.

Constantinople, April 26.—The national assembly postponed its decision in regard to the fate of the sultan, who is still a prisoner in Yildiz Kiosk.

Constantinople, April 26.—Grand Vizier Tewfik Pasha today handed the parliament the resignation of himself and cabinet. Sheik Uslam has prepared a religious decree, approving of the deposition of the sultan, which will legalize any action parliament may make. Rehad Effendi, the sultan's brother, may be declared ruler any hour.

Executing Spies.
Constantinople, April 26.—Parties of soldiers with a list of names of recognized leaders of the revolutionaries are ransacking the city in search of guilty ones. All suspects are arrested and arraigned before prompt courts usually held in front of cafes and either discharged or sentenced to prison. Several were shot for resisting. Nearly a hundred spies, deserters from Young Turks' ranks, were executed.

Court Martial for Rebels.
Salonica, April 26.—Young Turks established a court martial for all participants in the revolt against the Constitutionalists. Train loads of prisoners are expected to arrive from the capital. The general impression is common that soldiers who participated in the revolt will be dismissed from the army, but the officers will be shot. An unconfirmed report has it that between 20 and 30 revolt leaders were executed at Constantinople yesterday.

City Is at Peace.
New York, April 26.—Ambassador Juha Leishman telegraphed from Constantinople that Americans there are in no apparent danger nor have been since the fighting started, although there always was danger of stray bullets. There is no need to fear, as the forces in control are pledged that all property will be respected, and the forces seem to be under such control that the orders of the officers will be obeyed.

Prevent Sultan's Flight.
Constantinople, April 26.—Besides the sultan, his harem and sons are the only ones to remain in the palace except the necessary servants and European officials. Every precaution is being taken to prevent the sultan's escape into Asia Minor. Young Turks are patrolling every foot of the Bosphorus to prevent his flight.

Yildiz Surrenders.
Constantinople, April 26.—The Yildiz garrison surrendered Sunday to the constitutionalists. The commanders of these battalions began sending their submissions to Mahmud Scheffet Pasha last night, and all the troops protecting the palace gave formal unconditional surrender shortly after dawn. Naci Bey, who was called the hero of the July revolution, is now in command of the garrison.

Sultan Abdul Hamid has been permitted to remain within the Yildiz Kiosk, where, with his ministers, he waited for the outcome of the struggle.

GEORGE WALTERS SUBS TO TRANSFER THE SINKING FUND

George Walters, city treasurer, filed suit against J. J. Dorian, former city treasurer, the Citizens Savings bank, Richard Rudy, F. M. Fisher, J. A. Rudy and W. F. Paxton to force the defendants to pay over \$44,790.86 with interest since November 18, 1908. The money is the sinking fund and the treasurer seeks to force the bank to turn the money over to him. The money was deposited in the city treasury by the sinking fund commission, composed of the mayor and presidents of the general council boards. The money was deposited, as it was apportioned, at four per cent interest, certificates of deposit for one year being issued. None of it accrues before August. The treasurer wishes to deposit the money in the City National bank. The city is not interested in the suit. Hendrick & Corbett are the attorneys for Mr. Walters. Mr. Dorian had nothing to do with the transaction, further than collecting the money and disposing of it as the sinking fund commissioners directed.

MRS. CABANNE'S PLEA.

San Francisco, April 26.—I am heartbroken. Please don't give baby up. I must have him or I will go crazy," was a telegram received today by Bronch-ton Brandenburg from his wife in New York. As the result he abandoned his intention of surrendering the Cabanne boy to attorneys, representing the father, who is en route here.

gle between the hostile troops and the army of investment, each hour bringing him word of fresh disaster. It is stated that since the victory rested with the Constitutionalists that the sultan himself ordered the meat to resist.

The troops within the capital certainly had made a stubborn resistance at all points, and the losses on both sides are exceedingly heavy for the length of time the engagement was in progress.

In Asiatic Turkey.
Latakia, Asiatic Turkey, April 26.—The French cruiser, Jules Ferry, arrived today and immediately landed a force of sailors to assist in protecting Christians. The situation throughout the whole of Asiatic Turkey is increasingly serious. Today as the result of the complete defeat of the sultan, orders were issued to every foreign vessel in the Mediterranean to load every available man and bombard towns if rioting continues.

Dispatches reaching here from Asiatic Turkey report that there are Armenian-Turkish conflicts all over the country. Dr. J. M. Balph, in charge of the missions at Latakia, Syria, telegraphs that refugees report massacres and burning of towns. He also reports that there is the gravest apprehension concerning the conditions at Kessaba, where Miss Effie Chambers is one of the missionaries. The senate and deputies meeting at San Stefano adopted a resolution requesting the government imperatively to stop the disorders and to punish the leaders. The seed of the Armenians in the Adana district is the greatest.

Christians Suffer Much.
Ambassador Leishman transmitted the following message to the American board of commissioners of foreign missions at Boston, from W. J. Peet, treasurer of the mission board here: "Hapless outbreaks at Adana; active Christians are suffering much loss of life and property. Their district is in flames; fifteen thousand are destitute. Thousands of dollars required daily. They have bread alone; lack of medical supplies. The four emergency hospitals are already overcrowded. Two large orphanages are required at once. The government cannot meet the present needs. Relief committees have begun work, but funds are needed."

Estimate 2,000 Killed.

London, April 26.—The Standard's Constantinople correspondent estimates that 2,000 were killed in the fighting at Constantinople with the forces heaviest on the Constitutionalists who offered good targets while the attacking Mollahs and Sofas, fearing the vengeance of the people, hid in the mosques where many were caught and killed.

The Daily Telegraph's Vienna correspondent sends a report that the sultan was taken from the palace late last night and Mohammed Reshad Effendi was installed in his place.

Killed in Church

Madrid, April 26.—Nine were killed and 25 hurt when the roof of the cathedral at Toros collapsed today while mass was being celebrated.

Night Rider Trials

Waverly, Tenn., April 26.—Trial of 26 of the 40 men indicted, charged with night rider crimes, began this morning. A venire of 500 is present.

Harlan Seeks Honors

Denver, April 26.—A justice of the United States will be moderator of the Presbyterian general assembly if Justice Harlan has his way. The report is printed today here that Harlan is determined to be a candidate. He will attend the assembly next month and push his candidacy.

Hains Case

Flushlag, La. 1, April 26.—When the trial of Captain Hains opened today seven seats in the jury box were filled. The panel of 190 men was present. The defense has not adopted a definite plan of action yet.

ODD FELLOWS GO TO METROPOLIS TO CELEBRATION

Big Parade and Speeches and Refreshments at Massac County Seat.

Ohio River Association Organized Today.

LOCAL LODGES TAKE A HAND.

Metropolis, Ill., April 26. (Special.)—Several thousand Odd Fellows and their friends are celebrating the ninetieth anniversary of the Independent Order of Odd Fellows today. The weather was ideal for the celebration, and the large crowd spent an enjoyable day. Early this morning Metropolis received the visitors, while the Odd Fellows continued to arrive all day, as the boats made frequent trips. Many hundred came from Paducah, as the steamer Cowling made many trips.

After a morning of handshaking and story telling the Odd Fellows and the Daughters of Rebekahs met at the Odd Fellows' temple and formed a procession, which was headed by the Metropolis concert band. The procession marched over the following route: From the Temple building on Third street to Metropolis street, and thence to Seventh street. West on Seventh street to upper Market street; south on Market street to Fifth street to Ferry street; south on Ferry street to Fourth street, and then to Franklin park.

At the park this afternoon Senator D. W. Helm and County School Superintendent W. A. Spence delivered appropriate addresses concerning the benefits of the lodge of Odd Fellows. From the park the Odd Fellows returned to the Odd Fellows' Temple, where, beginning at 4 o'clock, degree work was exemplified. Beginning tonight at 8 o'clock degree work will be exemplified by a staff, which will be chosen from the Metropolis lodges.

Past Grand S. Bartlett Kerr was marshal of the day, and he was assisted by the following committee: D. A. Bailey, John Simpson, A. Rehmeyer, William Kelly, Mark Keasey and J. A. Jones.

At 11 o'clock this morning the delegates from each lodge on the Ohio river met at the Odd Fellows' Temple for the purpose of taking steps for the organization of the Ohio River Association of Odd Fellows.

Many at La Center.

La Center, Ky., April 26. (Special.)—Fully 2,500 people, among who are 60 delegates representing lodges in western Kentucky, are here today, celebrating the anniversary of the order. The Rev. Mr. McCalla is the principal speaker, but Hon. E. Barry and John M. Moore, candidates for state senator, are the most interesting figures on the grounds.

Rough Auto Rider

St. Louis, April 26.—Frank Frantz, friend of Roosevelt, officer and rough rider, and former territorial governor of Oklahoma, was arrested here early Sunday morning after a quarrel with a woman in an automobile. He was released on bond on a charge of disturbing the peace. Later he was dismissed by the police chief.

MORE SUITS WILL BE BROUGHT FOR BLACK PATCH WAR

More damage suits will be filed in federal court by property owners, who suffered damage by fires as the result of the raids on Hopkinsville and Princeton by the night riders. Several suits for damages against alleged night riders of Caldwell, Lyon and Trigg counties will be filed at Owensboro in a few days as the result of the damage to property by fire. Tom Dattilo, an Italian, will file suit against about 80 defendants for \$3,250 for the burning of his confectionery. The suit will be filed at Owensboro because Christiana county is in that circuit of federal court. Dattilo is an alien and will not have to leave the state in order to get his suit into the federal court.

Some of the property owners of Princeton will file suits in Paducah, and it is said some alleged night riders, who have been mentioned in the other damage suits will be made defendants.

Suppose This Had Been You!

RIDING in an ambulance is no fun. Suffering in bed for weeks is still less. The doctor's and druggist's bills add mental anxiety to the bodily suffering. And your income is cut off on account of your inability to work!

That's a bad tangle—but the Maryland Casualty Company will unravel it. We can't prevent bodily pain, but we can ease your mind of its worry.

Our Disability policy furnishes an income when you are unable to work, and keeps your mind free from care when you are well. It's a sure dependence.

Tomorrow may bring accident or illness to you. Prepare for it today. Let us talk it over and show you a sample policy.

LLOYD'S INDIANS WIN THEIR GAME

Defeat Brookport Team at League Park.

Manage to Shut Out Visitors and Roll Up Score of Fifteen.

RUNYAN WAS ON THE SLAB

Lloyd's Indians won from the Brookport team yesterday afternoon in a walk, and when the din of battle was over the score was 15 to 0, the whitewash being in favor of Brookport. Paducah bagged the honors and ran off with them, and some plays of merit were pulled off. The practice which the players have held was evident in their work yesterday, for when a score was needed the Indians did not hesitate to make it.

Runyan was on the slab for the Indians, and his arm was right, and the blond twirler had speed with a good assortment of curves. His drop broke right, and the Illinois boys hit the air-time after time in an effort to connect with it. Lee Hart, a south-paw, whose name is not a stranger in Paducah lineups, twirled for Brookport and he pitched a good game, but his support was not equal to Runyan's and he lost what should have been a close game. Brookport was weakened in the first inning by Steele, the catcher, fracturing his right thumb while diving for a low ball. Eskew, the right fielder, finished the game behind the bat, and did creditable work for an outfielder.

In the first inning Paducah scored two runs. Cooper hit to right garden but was out going to second. Mercer followed and got a ticket to first, while Brahe was hit by a ball, and two runners were on the sack. Lloyd straightened out a curve for two sacks and the two runners trotted home. Block went out Hart to Corn, while Murray struck out and the scoring was ended. In the second Goodman worked his way around the diamond and scored. With a lead of three runs it was increased until it was 15.

Runyan pitched himself out of a tight hole in the third inning, when it looked inevitable for Brookport to fail to score. Hart walked, while both Johnson and Shaw hit balls to the outfield, and the sacks were full with no outs. Runyan settled down, and struck out two men while Goodman made a pretty run after a high foul, and the danger was past.

The game was full of hits. Lloyd and Cooper, both old leaguers, secured four safeties apiece, while Hart for the visitors, snatched out a three bagger. Every man on the Paducah team got a hit.

The lineups were: Paducah—Block, c; Runyan, p; Lloyd, 1b; Brahe, 2b; Cooper, 3b; R. Mercer, ss; Goodman, lf; Murray, cf; McCauley, rf. Brookport—Steele and Eskew, c; Hart, p; Corn, 1b; Woodward, 2b; Johnson, ss; Blair, 3b; Rush, lf; Shaw, cf, and Johnson and Steele, rf.

Diamond Dust. Chief Lloyd is dickerling for two games next Saturday and Sunday at Henderson, and the probabilities are that the team will make the trip. It will be the first trip this season, and all of the players are anxious to go. The new suits will be received by next Sunday, and the team will not look like a crazy quilt anymore.

Murray made a pretty catch in the seventh inning when after a long run he grabbed the sphere while going at full tilt. It was a surprise to Murray's friends that he should be so active.

Block did stellar work behind the bat yesterday, and his right arm was too strong for any Brookport man to pinball second sack much less third station. In addition to his good work Block got two nice hits.

In the third inning Goodman stole second and third bases, but failed to score on account of three outs before he could slide over home station.

Steele is a good little catcher, and the fans regretted to see him injured, as a closer game might have been had the regular catcher been behind the mask.

In the absence of Robertson, the regular shortstop, R. Mercer, played the position, and did some fast work in stopping grounder and slamming them over to first.

PEACE IN COAL MINES SURE.

Philadelphia, April 26.—Peace in anthracite coal region is assured for another three years.

President Thomas J. Lewis, of the United Mine Workers of America, who with the three district presidents had been in conference with a subcommittee of the operators in this city during the last two days, made a positive announcement last night that a new working agreement would be signed before the end of next week. This contract will be based upon a proposition which has been submitted by the operators and which, in the opinion of Mr. Lewis and his colleagues, contains a number of important concessions.

Marshall—Ross, 89; Birmingham, 158; Hardin, 180; Harvey, 114; Gilbertsville, 124; Heights, 87; Elva, 56; North Benton, 172; Oak Level, 101; Calvert City, 132; S. Benton, 118—1,322.

In addition, he says that the men, he and his friends selected in Carlisle county were elected in the following precincts: North Hardwell, 179; East Hardwell, 205; Herkley, 255; Milburn, 131; Kirbyton, 131; Hudd, 131; Cunningham, 221; Arlington, 131—1,611.

He declares he will eventually get the votes of the following precincts in Ballard: East Wickliffe, 178; Slater, 141; Lovelaceville, 87; Gage, 90; Ingleside, 167; Blukerville, 164; La Center, 143; Boudana, 133; Needmore, 164; Hazelwood, 92; Harlow, 240—1,619.

This would give him a total of 5-

789 or 4,674 on first ballot.

Eaton's Claims.

Eaton says Harry is too optimistic over Carlisle county and that only four precincts were won by Harry and that he will get the majority of them. He expects to get the best of it in Ballard on the break.

According to figures given out in Paducah the vote stands:

	McCracken	Mar.	Har.	Car.	Total
E	2,823	80	80	80	2,999
H	957	1,204	110	386	2,775
M	112	1,357	1,469	1,469	4,407
W	69	647	716	716	2,148
C	118	566	1,229	2,309	4,222

Where More Votes Lie. John M. Moore, of Ballard, will prove a factor in the race if he can handle the 1,357 votes said to be instructed for him in his own county.

But Harry's friends claim many instructions for him in that county, and Eaton's friends believe Moore cannot deliver the vote of his county if he withdraws. Eaton's friends also are sanguine that the bitterness of the fight in Marshall will make it certain that none of Wyatt's votes will go to Harry.

It seems there is no doubt that in view of Barry's county unit issue the fight will be waged to defeat him at

all odds, and this makes possible a dark horse in case his election appears otherwise inevitable after the first ballot.

The possibility that some delegates may split their votes adds piquancy to the outlook.

The convention will be called to order at 1:30 o'clock by Chairman W. J. Bradshaw, Jr.

The counties will have the following vote: McCracken, 36 delegates, 4,127 votes; Marshall, 15 delegates, 1,851 votes; Ballard, 15 delegates, 2,117 votes; Carlisle, 9 delegates, 1,721 votes.

ARE YOU DEAF?

WHY LET YOUR FRIENDS SUFFER?

Your friends are more sensitive about your deafness than you, yourself, so why should you impose on them?

You probably know that a telephone operator's hearing is the most acute. This is due to the fact that the electrical vibrations act upon the ear drums in such a manner as to produce a very keen sense of sound—such is the principle of

THE ELECTROPHONE.

It is a tiny, electric telephone that fits on the ear, and which, the instant it is applied, magnifies the sound waves in such a manner as to cause an astonishing increase in the clearness of all sounds. It overcomes the buzzing and roaring ear noises, and also so constantly and electrically exercises the nerves and vital parts of the ear that usually the natural, unaided hearing itself is gradually restored to perfect condition.

IF YOU CAN STILL HEAR THUNDER.

WE CAN MAKE YOU HEAR ORDINARY CONVERSATION.

coming generation, making of them capable workers and wealth producers, adding to the industrial strength of the commonwealth many fold, and developing the colored race along lines, which will make them a valued part of the community, and removing the menace of race dissensions by establishing the colored people as a definite factor in the industrial community.

All Kentuckians should be interested in this effort to solve the problem of the south. It is believed the solution of the race question is industrial. White people do not fear the industrious colored man. It is the idle, incompetent colored man that is a menace. Sometimes he is idle, because he does not know how to do any definite thing well, and has no interest in work for the satisfaction of his accomplishment.

Citizens of Paducah should attend this meeting and hear about the school, its plans, purposes and possibilities. That much will not cost anything.

SOME STORIES AROUND TOWN

A downtown school teacher tells the following story on herself, says the Louisville Times:

The other day, according to this teacher, she was explaining the density of the population of China. "There are so many people in China that at least fifty Chinamen die a minute. In fact every time you breathe a Chinaman dies," she explained.

A few minutes after the lesson the teacher saw Tommy Jones, one of the wayward boys of the class, taking fast and short breaths and puffing like a steam engine.

"What are you doing," exclaimed the instructor as Tommy kept up his antics.

"Killing Chinamen," said Tommy.

NEWS FORECAST FOR THE WEEK

Washington, April 26.—President Taft will be absent from Washington several days next week. Tuesday he will go to Philadelphia to speak at the Grant Jay banquet of the Union League in that city, and Friday afternoon he will go to Alexandria, Va., to attend the anniversary of the 120th anniversary of the first inauguration of George Washington.

The ceremonies incident to the removal of the body of Major Charles L. Enfant, the engineer who under the authority of General Washington laid out the plans for the national capitol, from their present resting place at Green Hill, Md., to the national cemetery at Arlington, will be conducted in the capitol rotunda Wednesday. The body will lie in state in the rotunda during the morning, when addresses will be made by Vice President Sherman and Ambassador Jusserand, of France.

A case of unusual importance will be heard in Chicago today by representatives of the Interstate commerce commission, it being that of the American Bankers' association against various express companies.

The companies are alleged to practice discrimination against bankers in the transportation of money.

The hearing of testimony in the government's suit to dissolve E. H. Harriman's merger of the Southern and Union Pacific railroads will be resumed Tuesday in Salt Lake City.

Friday has been designated as California rain day, and on that day a great publicity campaign will be inaugurated to acquaint the people of the entire country with the merit of this fruit. To do this thousands of tons of California's best raisins will be distributed free.

Important conventions of the week will include the meetings of the International Kindergarten Union in Buffalo, the National Conference of Church Clubs of the United States in New York, the National Association of Cotton Manufacturers in Boston, and the National Society of Sons of the American Revolution in Baltimore.

Other events that will figure more or less conspicuously in the news of the week will be the wedding in New York of Miss Nora Langhorne and Paul Philippa, the annual meeting of the directors of the United States Steel Corporation, the Founder's Day celebration of the Carnegie Institute in Pittsburgh, the automobile carnival in New York City, and the celebration of the centenary of the birth of Oliver Wendell Holmes.

Events abroad will include the elec-

tion of the new Flanish Diet, the convention of the International Women's Suffrage Alliance in London, the consecration in Rome of Dr. Paraly, recently chosen to succeed the late Bishop Hordmann at Cleveland, and the May day demonstrations by the workmen in Paris, London and other European centers.

The 120th anniversary of the inauguration of Washington as president will be celebrated at Alexandria, Va., Friday. The exercises will include an address by President Taft. The president will also address the Union League Club of Philadelphia at a dinner Tuesday, the birthday anniversary of President Grant.

The convention of the Episcopal church clubs opens in New York Tuesday.

The congress of the National Federation of Religious Liberals will begin at Philadelphia Tuesday. The central purpose announced is the "extension of sentiment of the tolerance and good will among the churches and races and the creation of fellowship beyond the lines of sect and creed." The Methodist Episcopal bishops of the world will begin their semi-annual session at Wheeling, W. Va., on Wednesday.

The International Kindergarten Union begins its session at Buffalo Monday; the Society of the Sons of the Revolution opens Friday at Baltimore. The Christian Party of Peace conferences are scheduled for Saturday at Rock Island, Ill.

Another tri-district convention of the mine workers will be held at Scranton Tuesday, the same day that the general committee of the anthracite operators meet at New York. A definite agreement, it is hoped, will be reached.

PADUCAH ON THE LIST OF CREDITED HIGH SCHOOLS

The Paducah High school formally is on the co-operative list of secondary schools of the University of Chicago as the certificate has been received, and this morning it was displayed on the walls of the High school auditorium. The certificate is framed and is 18x24 inches. Professor Sugg and Superintendent Cragney are proud of the certificate, as they have labored many months in order to convince the faculty of the university that the Paducah High school was deserving of having its graduates admitted without examination.

—Several dollars damage was done this morning by fire in a room above the J. P. Fowler saloon, Third and Washington streets. Those company No. 1 and truck company No. 1 answered the alarm. The fire is thought to have originated from a cigar stump.

THE CAUSE OF COLDS

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only properly fortify and strengthen their system, about 98 per cent of coughs, colds and pneumonia might be avoided. These troubles are simply the result of weakness, which produces a catarrhal condition of the mucous membrane, which is as an internal skin of the body. When this skin is weakened, it becomes infected with germs which are carried through the system by the blood. These parasites attack and break these delicate tissues and set up a soreness which produces what is in reality an external scrofula.

The only thing that will cure coughs and colds and prevent pneumonia is a medication which is absorbed and carried by the blood so that the diseased membrane is disinfected, cleaned, astringed and healed.

We have a remedy which we honestly believe infallible and unsurpassable for the prevention and cure of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of 30 years of cures gained through the use of this medicine. We promise to either effect a cure in every case or make no charge for the medicine. We urge everybody in Paducah who has need of such a medicine to try Rexall Mucuo-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not absolutely positive that we could substantiate our claim in every particular, and we see no reason why anyone should hesitate to accept our offer and try it. We have two sizes of Rexall Mucuo-Tone. Price 50c and \$1.00. Sometimes a 50c bottle is sufficient for a cure. As a general thing, the most chronic case is cured with an average of three large bottles. Remember, the medicine will cost you nothing if you are not satisfied in every particular. W. B. McPherson, Paducah.

RESIGNATION OF DR. CAVE ACCEPTED

Congregation Realizes That It is For His Good.

First Presbyterian Church Without Pastor After Twenty-Five Years.

TEARS DIMMED MANY EYES

After a faithful ministry of 25 years in the First Presbyterian church of Paducah, the resignation of the Rev. W. E. Cave was accepted yesterday morning by his congregation, in a spirit of resignation to the inevitable more than acquiescence in his request to sever relations with the church. Less than one-fifth the congregation participated in the meeting, the majority remaining away, because they thought it best for him to be relieved of all responsibility for a time, and yet, they could not bring themselves to vote as their reason dictated. As it was, the resignation was accepted by a bare majority of those present, and those who voted naye, made it plain that what they did was in deference to what they conceived to be best for the waning health of their pastor. A large minority, knowing the separation was inevitable, voted not to accept the resignation.

The resignation taken effect May 1.

There were more tears in the eyes of the congregation than words in their mouths at the meeting. Dr. Cave was not present and the services were conducted by the elders.

Owing to Dr. Cave's long pastorate in the city he occupies peculiarly close relationship to the whole protestant community. As time has passed his services have been more and more in demand to officiate at funerals, to give comfort to the dying and to the mourners.

His church is a large one, he has suffered much grief, and had the care of a large family. All this has broken his health; but until the last few weeks his will power has been sufficient to sustain him, although friends have urged on him the necessity of seeking rest, free from all responsibility and away from distressing cares and demands on his services.

All these things were taken into consideration by his congregation in voting to accept his resignation. Had they not deemed it absolutely necessary for the recovery of their pastor's strength they would not have accepted it. Several times before Dr. Cave tendered his resignation, but it was always rejected, as his health was not involved in the issue. Dr. Cave's friends think that a year's absolute rest will fully restore him to his accustomed health.

He probably will leave early in the summer for his old home in Virginia, where he will spend much of his time, recuperating.

AT THE CHURCHES

The Rev. J. B. Jones, of Arlington, had charge of the services yesterday at the Mechanicsburg Methodist church. Both services were fine and largely attended, especially last evening's service. There will be service tonight at 7:30 o'clock and every day this week at 2:30 and 7:30 p. m. by the Rev. J. B. Jones.

Services at the Fountain Avenue Methodist church were conducted yesterday by the pastor, the Rev. G. W. Banks. Both services were well attended.

Regular services were conducted at the German Evangelical church yesterday by the pastor the Rev. William Bourquin. The Mite society will meet Thursday afternoon at 2:30 o'clock with Mrs. George Ochelschlaeger, 923 South Third street. Next Sunday will be the last service before the Indiana conference of the German church, which meets at Louisville.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

TOBACCO NEWS

Louisville Tobacco.

Louisville, April 26.—The total offerings on the local tobacco broke the last week consisted of 1,480 hogheads, of which number 123 hogheads were new burley, 328 old burley, 900 new dark and 129 old dark. Of the private sales reported 314 hogheads were burley sampled for the Equity society, and 107 old dark and 454 new dark sampled for future sale.

The small offerings of new burley were of fair quality, the condition being poor, and a very small quantity of color or bright tobacco offered. The market for common red smokers and low-grade fillers was easier. Common and medium red leaf were irregular, while good leaf was lower. Color smokers, stripers and natural leaf fillers were on the decline as prices for these grades were noticeably easier. There were only 18 hogheads of old burley offered at auction; they were common and medium grades of red fillers. Prices were unchanged from last week.

The offerings of new dark at auction amounted to 445 hogheads, of which a large percentage was air-cured tobacco. The quality of the air-cured leaf was fair, but condition was the most objectionable feature. Prices for extra long rehandling leaf were firm, manufacturing leaf was

irregular, short and common leaf were lower; lugs were easier. The offerings of fired or export styles were mostly common leaf. The condition was somewhat improved. Leaf in good order was in fair demand; soft or out of condition leaf was lower. Soft trash and common lugs were lower, while the better grades of lugs in good order met with a ready sale at firm prices. The offerings of old dark were common, hard sweated lugs; prices were from 1/4 to 1/2 lower.

It's a Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung remedies. Every atom is a health force. It kills germs, and cures and is gripped with coughs, colds and is gripped with coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C., writes "I cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.

BUSINESS HAS BRIGHT OUTLOOK

Henry Clews Writes of the
Week Just Ended.

Money Market Factor in Situation
as It Has Been for Months
Past.

HOW STOCK MARKET FARES

New York, April 26. (Special.)—Such changes as occurred the past week were generally towards improvement. Prices at times have shown some irregularity owing to realizations, but no genuine weakness. On the contrary, the undertone of the stock market continues strong, and the consensus of opinion is that the market has not yet reached its topmost level. The two most noticeable factors are the improving tendency in general business, and the fact that the general business situation of food, except such as money. Our great industrial and financial leaders are satisfied that the corner has been turned and are adjusting themselves accordingly. It is true that much business depression still exists. The process of readjustment is incomplete, and much time will be required before our various industries get back to normal conditions. This is simply history repeated; and after a series of years of extravagance and advancing prices it is but reasonable to expect a period of greater economy and shrinkage in commodity values. This, however, would not act as an impediment, but rather as a stimulant to renewed activity. We have already seen that readjustment in the cotton industry and in the steel industry has imparted fresh life into these two most important lines of business, a much larger volume of orders is now being received for iron and steel goods, and while the profit is probably small, it is evident that the steel industry has touched bottom.

Business.

The business situation has been somewhat adversely affected by tariff agitation for the past three months, orders for nearly all classes of merchandise having been placed upon a hand-to-mouth basis. Neither jobbers nor retailers cared to stock up beyond immediate requirements when the conditions of buying were so unsettled. As a result stocks of goods at both first and second hands have in many cases become much depleted. Meanwhile consumption has been going on at about about the ordinary rate. Clothing and shoes are being worn as usual, and there has been no slackening in the consumption of food, except such as may have been enforced by high prices. This situation means that as soon as uncertainty is removed considerable activity must develop for the purpose of replenishing exhausted supplies. While, therefore, the tariff has lost much of its effect as a disturber of business, no real resumption of activity can be expected.

Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nerve came to my rescue—I cannot describe the suffering which this Nerve saved me. Whenever I am particularly nervous a few doses relieve me." A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to do—build up the nervous system by the use of Dr. Miles' Restorative Nerve. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or sniffing. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

until the outcome of that question is foreseen. Nobody now anticipates any important changes from existing schedules, which is perhaps unfortunately unfortunate, as the tariff question may loom up again in disturbing form at some future date. This, however, is a distant problem and has nothing to do with the immediate future. If, as it is hoped, the tariff be settled before June 1, we may expect a future improvement in general trade; and should the next harvest prove anything like satisfactory the coming fall should witness a very decided resumption of business activity. Another important element in the business situation is the outlook for prolonged ease in money. This is quite as important to the merchant and manufacturer as to the speculator. It enables him to obtain the credit which he needs on good terms and to make plans extending into the future. In fact, continued easy money is one of the best and most natural tonics known for business recuperation.

Money.

The monetary situation continues to dominate the financial outlook. We are no doubt in for a period of very cheap money until the autumn crop demands assert themselves. This situation is world-wide. It is, of course, primarily due to the general inertia of trade, and in that sense is not entirely satisfactory. It is, however, as just stated, the best and most natural restorative known. Of course, this universal ease in money is considerably intensified by the abundant production of gold. Bank reserves at home and abroad are constantly rising. The New York banks are carrying about \$85,000,000 more of cash in their reserves than a year ago; and in addition our trust companies have materially added to their reserves in compliance with the new law. The great banks of Europe hold fully \$300,000,000 more gold than at this time in 1908, the largest proportion of this increase going to the banks of France and Russia. It is worthy of note also that the Bank of England increased its reserves fully \$50,000,000 during the first three months of the current year. The effects of such conditions must, of course, be highly stimulating to speculation; they mean inflation, and this accounts more than anything else for the present high level of the stock market. Our great bankers are sure to take advantage of this situation to carry out necessary flotation and refunding plans. Important negotiations of this character have been under way for some time past, and the absence abroad of some of our leading bankers is significant in this connection. It will cause no surprise whatever if Europe should take some very considerable amount of better class American investments during the next few months. If this expectation is not realized, it will probably necessitate sending further large sums of gold to Europe to pay for our continued large importations. Our exports of domestic products continue below the normal because of prevailing high prices. The recent break in wheat was beneficial in this respect, but that staple is still held above a profitable export price. Now that costs of manufacturing are being reduced we ought to witness a larger foreign demand for our manufactured products, which to some extent should compensate for lessened shipments of farm products. In times of depression we absolutely need an export outlet for our surplus manufactures, and recent reaction will have had some compensating advantage if it promotes our foreign trade on these lines. The railroad situation is steadily improving and earnings show gratifying gains. In the fourth week of March thirty-eight roads showed an increase of nearly 13 per cent in gross earnings, a most satisfactory indication of the improvement in transportation. For the month of March forty-eight roads showed a gain of 11 per cent. These comparisons are, of course, made with a period of depression a year ago. Nevertheless, railroad traffic is rapidly coming back to normal, and owing to enforced economy net results are already improving. The repurchase of Norfolk & Western securities by Pennsylvania is significant since it indicates a less antagonistic attitude of the administration and the public also towards the railroads.

There is nothing in the stock market situation to warrant any apprehension. The Turkish situation has caused some temporary unsettlement of the European markets, but at present it does not appear that these disturbances will provoke any international complications, although of course in the present delicate state of affairs there is always such a possibility to be kept in view. The prevailing feeling in financial circles is one of hopefulness, and the technical situation of the market has not yet been weakened by excessive speculation. In all probability there will be frequent fluctuations, more activity in trading and occasional realizations, with the general drift of prices towards a higher level.

STATE OF NEW YORK } ss. Rochester, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a school girl I had a head of heavy, long, dark brown hair, that was so plentiful, rich and glossy, that it was the envy of many of my young schoolmates, and attracted the attention and remarks of strangers. After I was married and as I grew older, my hair commenced to come out just a little at first, but gradually as time passed it came out more and more, and began to turn gray. I was induced by many good reports heard of Sage and Sulphur, to try a bottle. My hair was quite gray and thin on top when I commenced using Sage and Sulphur, and you may imagine my satisfaction when I found that it was fast coming back to its natural condition, becoming thicker, darker, smoother and glossier than it had been for a long time. I continued the use of Sage and Sulphur and my hair is now in a splendid condition, as heavy and as dark and smooth as when I was a girl of sixteen. From my experience I believe it is one's own fault if they lose their hair, or let it get gray or harsh. It is now four years since I commenced using Sage and Sulphur, and still use it, and my hair still keeps thick, dark, smooth and glossy.

Sworn to before me this 15th day of July, 1909.
Notary Public.

Cumberland River Fight

Rivalry between the Ryman line and the Tyner line for the business on the Cumberland river between Paducah and Nashville has found its way into court. The Ryman line has filed suit in Memphis against the Planters' and Merchants' Packet company for \$2,500 damages for the alleged breach of contract. Several months ago the Ryman line sold the steamer H. W. Buttrick to the company at Memphis and in the contract it was stated that the packet was not to be operated on the Cumberland river, but that the boat was to ply the Mississippi and lower tributaries. The Buttrick was operated in the Mississippi river for several months, but about a month ago the Buttrick was leased to J. S. and J. A. Tyner, who have operated the packet in the forbidden waters in competition with the Ryman line, the former owners of the packet. The rivalry for business between the two packets has been whittled to a point where both freight and passenger rates from Paducah to Nashville have been reduced in half.

busy in Federal Court.

J. R. Puryear, clerk of the United States court, says that notwithstanding the tremendous rush of business this term, in the criminal cases, and the several night rider cases, in which several hundred defendants

were dismissed and a great number of separate answers were filed by other defendants, which made it look like things were in a state of confusion, he had everything straightened out and all the orders, decrees and motions entered up in the order books by 1 o'clock Friday afternoon. Two Tennessee attorneys who were here in court, were amazed at the amount of business done in three days.

THE BARRIER
BY
REX BEACH
COPYRIGHT, 1908, BY HARPER & BROTHERS

(Continued From Last Issue.)
All through the afternoon the five men wound up the valley, following one another's footsteps, emerging from somber thickets of fir to flouidier across wide pastures of "ligger beads" that whirled and wriggled and bowed beneath their feet until, at cost of much effort and profanity, they gained the firmer footing of the forest. At one point Stark, hot and irritable, remarked:
"There must be a shorter cut than this, Lee?"
"I reckon there is," the miner replied, "but I've always had a pack to carry, so I chose level ground rather than climb the divides."
"Those dogs people at camp hear 'bout dis strike an' heat us 1917?" suggested Poleon.
"It wouldn't be easy going for them after they got there," Stark said sourly. "I for one wouldn't stand for it."
"Nor I," agreed Runnel.
"I don't see how you'd help yourself," the trader remarked. "One man's got as good a right as another." "I guess I'd help myself, all right," Stark laughed significantly, as did Runnel, who added:
"Two is entitled to put in anybody he wants on his own discovery, and if anybody tries to get ahead of us there's liable to be trouble."
"I reckon if I don't know no short cut nobody else does," Lee remarked, whereupon Doret spoke up reassuringly:
"Dere's no use gettin' scarce 'ink dat, because nobody knows where Lee's creek she's locate' but John an' me, an' dere's nobody w'at knows he mak' de strike but us four."
"That's right," said Gale. "The only other way across is by Black Bear creek, and there ain't a half dozen men ever been up to the head of that stream, much less over the divide, so I don't allow there's any use to fret ourselves."
They went on their way, traveling leisurely until late evening, when they camped at the mouth of the valley up which the miner's cabin lay. Camp had been made early at Gale's suggestion instead of pushing on a few miles farther, as Lee had intended, and now, when the cool evening fell and the draft quickened, it became possible to lay off gloves and headgear, so they sat about the fire, talking, smoking and rubbing their tired feet.
It is at such hours and in the smoke of such fires that men mark backward and bring forth the sacred, time worn memories they have treasured to turn them over fondly by the glow of dying embers.
"No Creek" Lee, the one eyed miner who had made this lucky strike, told in simple words of his long and solitary quest, when ill luck had risen with him at the dawn and misfortune

had stalked beside him as he drifted and drank from camp to camp, while the gloom of a settled pessimism soured him, and men began to shun him because of the evil that seemed to follow in his steps.
"I've been rainbow chasin' forty years," he said, "and never caught nothin' but cramps and epidemics and inflammations. I'm the only miner in Alaska that never made a discovery of gold and never had a creek named after him."
"Is that how you got your name?" asked Runnel.
"It is. I never was no good to myself nor nobody else. I just occupied space."
Finally Gale arose, remarking sleepily that it was time to turn in if they wished to get any rest before the mosquitoes got bad again, then snatched away from the fire and spread his blanket. The rest followed and made down their beds, thop, drawing on gloves and hat nets and rolling themselves up in their coverings, fell to snoring—all except the trader, who lay for hours on his back staring up at the stars, as if trying to solve some riddle that baffled him.
They awoke early and in half an hour had eaten, remade their packs and were ready to resume their march. As they were about to start Gale said:
"I reckon we'd better settle right now who has the choice of locations when we get up yonder. I've been on stampedes where it saved a heap of hard feeling."
"I'm agreeable," said Stark. "Then there won't be any misunderstanding."
The others, being likewise old at the game, acquiesced. They knew that in such cases grave trouble has often occurred when two men have cast eyes on the same claim and have felt the miner's caseless "hunch" that gold lies here or there or that the ground one of them covets is wanted by the other.
"I'll hold the a-traws," said Lee, "and every feller will have an even break." Turning his back on the others, he cut four splinters of varying lengths, and, arranging them so that the ends peeped evenly from his big hand, he held them out.
"The longest one has the first choice, and so on," he said, presenting them to Gale, who promptly drew the longest of the four. He turned to Doret, but the Frenchman waved him courteously to Stark, and when both he and Runnel had made their choice Lee handed him the remaining one, which was next in length to that of the trader. Stark and Runnel qualified in the order they drew, the latter cursing his evil luck.
"Never min', ole man," laughed Poleon; "de las' shot she's de sure wan." They took up their burdens again and filed toward the narrow valley.

Woman's Hospital League.
The Woman's league of Riverside hospital met yesterday afternoon at the residence of Mrs. Wilmoth Hooks, Clark and Fifth streets. It was an interesting session. A large amount of routine business was transacted. The various committees made reports of the work done under their supervision that showed a large amount of work being done along the various lines. There will be a called meeting of the Yard committee on Wednesday afternoon at 2:30 o'clock at the hospital to see about some work to be done. The visiting committee has arranged a plan for weekly visits at the hospital. The Junior committee is enlisting the services of the children for work among the children patients in the charity ward. The Library committee will be glad of any donations of books for circulation among the patients. Old magazines and papers are solicited by the league for the carload that are collecting.

25,000 KILLED LATE ESTIMATE

Situation in Asiatic Turkey One of Extreme Gravity.

Many Missionaries and Tourists From United States Now Seeking Places of Safety.

DESTROY AMERICAN PROPERTY

Belmont, April 26.—The situation in Asiatic Turkey is one of extreme gravity. How many thousands have been massacred cannot even be estimated, because the disturbance is so widespread that it has been impossible to secure the details of the happenings during the past ten days.
25,000 Killed.
The latest estimates of the number killed at Vilnyet Adana is approximately 25,000. Thousands were slain in other districts. The state of seige which several places are undergoing has brought the inhabitants to the verge of starvation. Each day brings tales of further atrocities and the depths of misery and despair to which the savagery of the fanatics has brought the people.
Several warships are now in these waters, but the disorders are so far-reaching that the efforts of the powers to restore normal conditions are yet hardly felt.

The French cruiser Jules Ferry arrived here today and left almost immediately for Latakia, where swarms of refugees are pouring in.
British, French and German warships are in the other ports, and marines have been landed to quell disorders as far as possible at the more important points.
10,000 People Besieged.
One of the missionaries at Alexandretta, with 4550 Turkish troops, has gone to the relief of Deurtyol, the Armenian coast village, where 10,000 people within the walls are besieged by an immense horde of Kurds and Circassians. Two days ago a British warship returned from there, the governor having refused permission to land a relief party. The water supply is cut off from the town and the besieged are suffering greatly. Children are drinking out of animal tracks after showers. There was incessant firing on the Greek subjects sent out under escort yesterday.
Village Burned—All Killed.
Confirmation has been received of the burning of the Armenian village of Kessab. All the men, women and children were slain. American property was destroyed. Miss Chambers, an American missionary, is safe.
A British warship has been ordered to Suediah, where conditions have become worse. All the property of the Christians at Djebel Bereket has been destroyed. The total loss is unknown.

Americans in Danger.
Reports state that (ladin, in Vilnyet Adana, is on fire. There are five American women quartered there, including Misses Lambert, Billings and Bowman. The authorities refused permission to Messrs. Lawson and Chambers, American missionaries, to go to their relief. Frantic appeals for protection and food are coming from all sections. Harbors in quiet.

Anty Drudge Gives the Conductor Pointers.

Conductor—"Beg pardon, ma'am, for dropping the nickel; I'll get it for you right away. Those gloves make my hands so clumsy, but if I didn't wear them my hands would be as dirty as my linen. What with handling money, and the pushing and shoving, my things get so dirty, my wife doesn't like to wash 'em."
Anty Drudge—"Well, that's a sad state of affairs. Get her to try Fels-Naptha and she shall complain no more about washing your clothes. No backaches from Fels-Naptha, or hard work either. Your wife can do a day's washing before noon if she uses it."

When Fels-Naptha soap is used the hanging out is the hardest part of the washing.

No boiling, either winter or summer. No fire to keep red hot; no tiring and tedious rub-a-dub on the washboard.

Fels-Naptha itself does the hardest part of the washday work—loosening the dirt. All the human aid necessary is a few rubs, a quick rinsing and the clothes are ready for wringing.

Out they go on the line, sweeter and whiter than if a whole day were spent trying to grind out the dirt on a washboard.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's
Vegetable Compound

Faw Paw, Mich.—"I suffered terri-

EMMA DILATER.

Another Operation Avoided.

Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Com-pound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Com-pound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregu-larities, periodic pains, backache, bear-ing-down feeling, flatulency, indiges-tion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Doherty, Kelli-her, Minn., "without Bucklen's Arn-ica Salve, which soon cured me." In-fallible for wounds, cuts and bruises, it soon cures Burns, Scalds, Old Sores, Bolls, Skin Eruptions. World's best for Piles. 25c at all druggists.

"You're never too old to learn," says the Philosopher of Folly, "but you have to be pretty blamed old before you'll admit it."—Cleveland Leader.

One way to prevent seasickness is to remain on shore.

We couldn't keep the other fellow from getting hard up—and just couldn't help buying his goods when he offered them at a sacrifice.

The Niftiest Lot

of Embroideries we've ever seen is on sale here. In fact there are two lots. There's a band to match every edge. The edges are from 13 to 17 inches wide.

The Prices Are:

29c, 39c, 49c, 59c, 69c and 98c.

The bands are 25c, 29c, 35c.

They are all swisses.

There's a window full of marked in plain figures. Plenty more in the store. Won't you take a look at the window? We know you will land in the store after one glimpse.

EIGHT DROWN

WHEN TOWBOAT EAGLE SINKS
NEAR NEW ORLEANS.

Those Who Perished Were Asleep in the Boat—No Explosion Caused It.

New Orleans, April 26.—Eight peo-ple were drowned and seven others narrowly escaped when the stern-wheel towboat Eagle of the Louisiana

Interline company, sank in the Mis-sissippi river 40 miles south of New Orleans.

The Dead.

CAPTAIN GEORGE JOYCE.

SECOND ENGINEER CHARLES GOODWIN.

FIREMAN CHARLES MARTIN.

MATE RICHARD LEHANE.

Two negro deck hands.

Negro chambermaid.

Negro cabin boy.

Those who perished were asleep.

The boat suddenly began to dip and then broke into two parts and sank.

Those on the deck were precipitated into the swift current and managed to stay afloat until rescued. They de-clare the sinking is a mystery, as no explosion occurred.
